DISTURBANCE IN AUSTRIA

**NATIVES START RIOT WHEN
AMERICAN COMMITTEE AR-
RIVES. FIVE KILLED.**

By the Associated Press
LAIBACH, Jan. 29.—Reports from Marburg state that quite a serious disturbance broke out there on the arrival of the American "debarkation committee" under command of Colonel Miles. It is reported that five persons were killed and thirty injured. Marburg is a town in Styria, Austria, on the Drave river.

STRIKE RIOT IN BELFAST

**STRIKE COMMITTEE GOVERNS
CITY. MANY WINDOWS
SMASHED.**

By the Associated Press
BELFAST, Jan. 29.—Much rioting in dark streets occurred last night and many plate glass windows on prominent streets broken. The police frequently charged with clubs on the rioters.

Strike Committee Assumes Authority
LONDON, Jan. 29.—The Belfast strike committee, which wields immense power, has taken upon itself the civil authorities some of the attributes of an "industrial soviet," the Belfast correspondent of the Manchester Guardian reports. The strike committee, however, the dispatch adds, is peremptorily discouraging violence.

Dutch Coal Miners Strike.
LONDON, Jan. 29.—Miners in many collieries in West Holland have struck in sympathy with the strikers at Clyde. It is announced that the Clyde strikers number 70,000.

DRY AMENDMENT IS PROCLAIMED

**ACTING SECRETARY OF STATE
DECLARES IT ADOPTED. EF-
FECTIVE JAN. 16, 1920.**

By the Associated Press
WASHINGTON, Jan. 29.—Ratification of the prohibition amendment to the federal constitution was proclaimed formally today by Acting Secretary of State Frank L. Polk. The proclamation was dated today but legal authorities say under its terms prohibition becomes effective January 16, 1920.

HOUSE PASSES \$150 PER CAPITA BILL

WASHINGTON, Jan. 29.—The Indian appropriation bill has passed the house carrying many items of interest to Oklahoma. Among them was one for \$185,000 for the superintendent for the Five Civilized Tribes, with a provision authorizing him to pay all undisputed claims and to approve all uncontested agricultural and mineral leases. It provides for an appeal to the secretary of the interior only in contested claims and leases.

It contains an appropriation of \$225,000 in aid of the common schools in eastern Oklahoma, a provision for a \$150 per capita payment for the Choctaws and Chickasaws, an item appropriating \$15,000 for the competency commission for the Five Civilized Tribes, and one of \$43,000 for the Cherokee Orphan Training School near Tahlequah.

There is a provision in the bill permitting the reoffering of the unsold and forfeited coal and asphalt deposits in October and November, 1919.

It contains an item of \$85,000 for probate attorneys, but their activities are confined to restricted allotments and their heirs, and an item making an appropriation for the suppression of the liquor traffic, under which it is a criminal offense to have liquor in one's possession in the Indian country, or where the sale or introduction of liquor is prohibited by treaty or by statute. The language is so framed as to make it enforceable in Oklahoma.

The principal fight on the bill was over what was known as the Hastings' amendment, giving the superintendent for the Five Civilized Tribes at Muskogee full authority to pay undisputed claims and approve uncontested leases. The amendment was carried by a large majority.

ADA SCHOOLS CLOSING FIRST SEMESTER'S WORK.

Next week will end the work outlined in the course of study of Ada public schools for the first semester. This is a little later than the middle of the term due to the closing of the schools in the fall because of the influenza epidemic. The examinations will be given Thursday and Friday and promotions made February 10 at which time the work of the second semester starts.

Supt. Hickman states that patrons should take notice and see that their children who have not enrolled should do so the first day. Particularly is this true of children who have just become of scholastic age entering school for the first time. After three weeks time it will be impossible to take in beginners.

The famous Paramount company presents Wm. S. Hart in the drama, "The Narrow Trail." This is a story of outdoor life in the great West and is full of excitement and adventures.

LIBERTY.

The Pacemakers will present the Gambler and the Lady, featuring Ethel Montrose. The picture program features Wm. Desmond in the five-part Triangle drama, "Beyond the Shadow."

Mrs. C. E. Cuning received a big birthday surprise last evening, at her home on South Broadway. Several of her friends came over and spent a large part of the evening in fun and entertainment. A very pleasant evening was spent by all and all left hoping that Mrs. Cuning would have many more birthdays as pleasant as this one.

Clarence Wallace and Lee McKinney have written Mr. E. A. MacMillan that they are occupying German ground. The pictures of their billets are of hotels and inns that have been taken over for that purpose. They gave no hint as to where they would be home.

QUESTION OF HUN COLONIES

**VARIED OPINIONS MAY PROLONG
DISCUSSION OF MATTER OF
CONTROL.**

By the Associated Press
PARIS, Jan. 29.—The future of colonies taken from Germany has assumed a place as the most interesting of the immediate phases of the many sided problems being compared by the supreme council of the peace congress.

Hearings now being moved by the council to conference members and colonial experts upon the disposition of the colonies. The plan discussed Monday providing for international control of the colonies is still subject to complete readjustment. The hearings have progressed to a point where the existence of views greatly at variance with these state in Wilson's fourteen points are believed. This has demanded that American delegates urge the adoption of the American plan at the very outset.

Polish Question Up.

PARIS, Jan. 29.—The supreme council of the peace conference had before it on assembling this morning the Polish question and instruction to be given to the allied mission to Poland recently authorized. The program called for the appearance of Polish and Czechoslovak representatives before the council to present their views.

NORSE SAILORS BOYCOTT GERMANY

By the Associated Press
COPENHAGEN, Jan. 29.—The Norwegian sailors organization passed a resolution declining assistance in carrying food to Germany, until Germany pays an indemnity of \$4,000,000 for organization members who were submarine victims.

OCEAN RATES CUT; COTTON GOES HIGHER

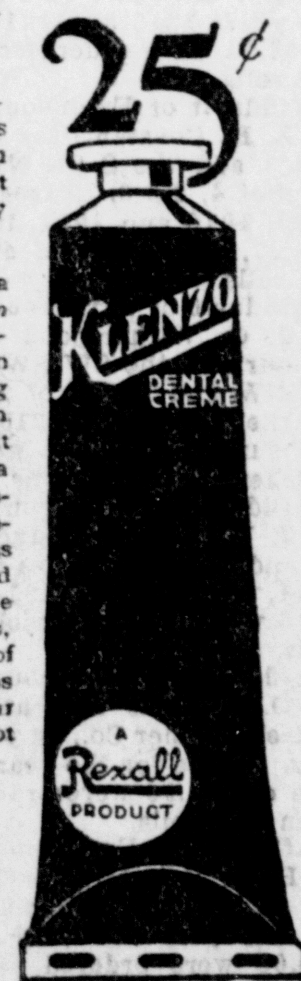

WASHINGTON, Jan. 29.—Reductions of nearly 75 per cent in transatlantic freight rates on cotton carried in American bottoms, effective immediately, were announced today by the shipping board's division of operations. Sweeping decreases were made yesterday in rates on general freight to meet cuts by British shipowners, and some shipping board officials regarded today's announcement as presaging a rate war between the new American merchant marine and British shipping interests.

Requests for the cut in rates on cotton were made by Southern Senators and representatives in conference with shipping board officials, and the announcement first came from the Capitol. The effect on the price of cotton on the New York and New Orleans exchanges was electric, the price on the old contract months advancing \$10 a bale—the limit of fluctuation permitted in a single day under the law controlling dealings in futures.

SOCIALISTS IN MAJORITY

**MAJORITY SOCIALISTS LEAD IN
PRUSSIAN ELECTIONS. LIGHT
VOTE POLLED.**

By the Associated Press

BERLIN, Jan. 27.—The sharp winter weather and unusual number of stay at homes are held responsible for the small vote at Sunday's Prussian elections as compared with the balloting for national assembly eight days ago. Returns to 3 o'clock today give the social democratic party a big lead in greater Berlin where they were already credited with two-thirds of the seats in the new parliament. Democrats, clericals, conservatives and national liberty parties will divide the remainder. Scattering returns from other sections of Prussia indicate that the majority socialists are everywhere maintaining their lead.

WILSON MAKES TWO APPOINTMENTS

By the Associated Press
WASHINGTON, Jan. 29.—Jouett Shouse of Kinsley, Kans., was nominated today by President Wilson to be assistant secretary of the treasury. John Skelton Williams is nominated for another term as comptroller of the currency.

MRS. R. H. PALMER DIES AT WETUMKA

The many friends of Mrs. Clarence West and Misses Zuma and Lola Horton will be grieved to learn of the death of their mother, Mrs. Robert H. Palmer this morning at 5 o'clock at her home in Wetumka. Mrs. West and Miss Zuma and Miss Lola Horton called Sunday to their mother's bedside.

Death followed an attack of pneumonia from which deceased had suffered only a few days, but having previously experienced an attack of heart trouble, was unable to withstand a severe case of pneumonia. Mrs. Palmer resided at Ada for a short time some years ago, but moved from here to Wetumka where she was living at the time of her death. The body will be held until the arrival of her son Archie, who is in the navy stationed off the coast of Connecticut. The funeral and burial will be in Wetumka.

Wesley Bible Class Reorganizes.

Last evening the Wesley class of the Methodist church met in the parlors and held a business session. There were several things to be discussed in the meeting. Oather Van Meter tendered his resignation as president of the class and it was accepted. A nominative committee was appointed to nominate a new member for president. Several other committees were appointed. Among them are the following: A Service Flag and Honor Roll Committee, who are to get the names of all the men who went into the service. A Membership Committee, and a Social Committee. These committees are ready for work and there is no doubt but that the class will go. A social has been planned for Thursday, February 6.

DISTILLERS WILL FIGHT AMENDMENT

NEW YORK, Jan. 29.—Mapping out of a legal campaign to make inoperative the ratification of the federal prohibition amendment was begun at a meeting here today of an executive committee representing the Distillers' Association of America. The committee, of which Samuel Wollner of Peoria, Ill., is chairman, met in executive session and withheld announcement of what action would be undertaken pending further deliberation.

OKMULGEE VOTES TO BUY COUNCIL HOUSE

MEMBER 90TH DIVISION RETURNS TO ADA

Perry M. Scott, whose mother lives in Ada, returned today from Camp Bowie where he received his discharge from the army. Mr. Scott was a member of the famous Ninth division and was on the battle front for approximately five months. He went over the top at St. Mihiel and

again several times in the Argonne sector. He was wounded twice and spent about two months in the hospital. He says going over the top in the St. Mihiel front was easy, as the Germans were mostly on the run, but the fighting in the Argonne was deadly in the extreme. Mr. Scott went to Camp Travis from Denison, Tex., but will make Ada his home in the future.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

A SHAME, NOT A BOAST.

Tulsa World.
Back in the old times when monarchs flourished it was the common understanding that certain people were by nature and birth fitted to follow the pursuits of politics, while the masses were contented to be governed by the divinely elect. The awakening of the world to democracy has been the antithesis of this theory. That is exactly the line of demarcation. The old idea was the government of the many by the few; the new idea is the government of the many by the many and for the many. For it was unavoidable that while supreme power rested with few, those few would exploit the many for their own advantage. Even in democracies we have tended to throw the weight of statecraft upon those whose talents, or nerve, forged their personalities to the front.

The acme of democracy is, therefore, not only that every citizen has the right to participate in government, but that he must do his share or the intent of popular government is not carried out. There are some business men who seem to take pride in boasting that they are not politicians. In the sense of not being professional politicians they are justified in the disclaimer, but what they generally mean is that they take no interest in popular government and leave the few to do their political thinking for them and tell them when and how to vote. In this respect their

attitude is not a cause for boasting, but for shame. They are shirking a part of the duty for the privilege of which wars have been fought and patriot blood has been shed.

In a republic, where every man has the right to take a direct part in government, that man is a "slacker" to duty who relegates politics to the professional politician. It is every man's duty to be a politician to the extent of helping to secure the best candidates to represent the best governmental principles and policies. With each succeeding year government is exercising a more direct influence upon citizens in all walks of life, whether it be business, labor or agriculture. More and more, therefore, men in all vocations should take a lively interest in what kind of government we are getting. Leaving it all to the politician is neither good citizenship nor good business.

IF NEWSPAPER ADVERTISING STOPPED.

The Advertising Age, and Mail Order Journal predicts as follows should newspaper advertising suddenly cease for even a brief period:

"Let newspapers suspend their advertising pages for a month or two and the effect will be felt in every store, every office, every bank, hotel by every railroad and every factory even in the remotest parts of the country."

"We had a dose of such experience a few years ago in Chicago when a pressmen's strike of a few days which forced all city papers to reduce their advertising pages to a minimum, at once partially paralyzed business, affected seriously street car riding, kept the crowds at home and gave the always crowded streets in the business district a holiday face."

"The large cities which absorb such enormous quantities of the output of factories and farms, cannot get along without newspaper advertising. For them it is just as indispensable as the daily supply of milk, butter, bread and fresh vegetables. There is nothing to replace the service of newspaper advertising, by which not only millions worth of goods are sold to the public every hour, but also new desires are created every day."

"Magazine advertising may create desires and help distribution, but its work is slower than that of the newspaper. The trading world needs quick transactions. This is the reason for their use by national advertisers is becoming general and it will continue to increase with the better understanding of the functions and achievements of newspaper advertising in the economies of production and consumption."

GOVERNMENT OWNERSHIP.

The time was a few years ago when public opinion seemed to favor government ownership of public utilities such as railroads, telegraph, telephone wires and street car lines. The pendulum, we believe, has now swung to the other extreme and opposes any such ownership and operation. The government has lowered the service of railroads, both the passenger and freight service, and at the same time has raised the rates. A person pays a third more now for a third less accommodations to travel than he did two years ago. In spite of this fact, congress is asked to appropriate millions upon millions of dollars to make up the deficit of the Railroad Administration.

So far as any one knows, until a couple of months ago the telegraph and telephone companies were making plenty of money. They were giving fair service. The wires were taken over, seemingly needlessly, and put under the control of the government. The service now is anything but good, and recently the rates for long distance calls have been sent skyward.

We believe this proves beyond doubt that government ownership and operation will mean higher prices and poorer service for such public utilities. If the Democrats cannot make them serve the interest of the people, what would they do under the control and domination of the Republicans?

Apparently the American people are already forgetting the habits of thrift that the government endeavored to encourage during the war, hoping they would prove permanent. One evidence of this is the rapidity with which the war stamps are being turned in for redemption. It had been thought that most of these would be held until maturity and that the habit of saving would be so firmly fixed that the people would continue to buy the stamps as a safe investment. At the present rate the government will have been called on to redeem every stamp long before the date of maturity.

FRENCH ARMY'S TREMENDOUS LOSS

3,000,000 soldiers of France, about one-half her entire army, have been killed or seriously wounded, according to Andre Tardie, French high commissioner to the United States. This enormous sacrifice for liberty is larger than that of any other country. America owes France a huge debt of gratitude, not only for this, but also for the discovery by her peasants of a perfect remedy for stomach, liver and intestinal ailments which is reported to have alleviated incalculable suffering, prevented many surgical operations and saved thousands of lives the world over. Geo. H. Mayr, for many years leading Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and druggists everywhere.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieve me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

Petition—In Triplicate

State of Oklahoma, Pontotoc County

In the matter of the Road Petition of C. J. Kilpatrick, et al.,

Whereas, heretofore, on one of the regular meetings of the Board of County Commissioners of the said County and State, there came on for hearing the above styled cause and after due notices of the time and place of hearing had been given by publication and by personal notice served upon the persons interested, as required by the Statutes of Oklahoma, and after hearing evidence in the above styled matter and being fully advised in the premises, it appearing to the Board that it was for the best interest of the residents of the vicinity that a road be opened and declared a public highway running North and South on the Section Line, between Sections Eight (8) and Nine (9), Township Two (2) North and Range Five (5) East, Pontotoc County, Oklahoma, and,

Whereas, the before mentioned road crosses the right of way and tracks of the St. L. & S. F. Ry., and it is necessary that a grade crossing be made and maintained at that point and it appearing from evidence submitted that no steps have been taken to effect such crossing.

It is therefore ordered, adjudged and decreed, that proper notice be given the proper officials of the before mentioned Railroad of the existence of the Public Highway, as before mentioned and request that steps be taken to effect said crossing, as before mentioned.

Done in regular and open session this 6th day of January, 1919.

I. R. Gilmore, Chairman.

W. H. Brumley, Member.

W. H. Brents, Member.

The Board of County Commissioners of Pontotoc County, Oklahoma.

Proposition

To the Honorable Board of County Commissioners, Pontotoc County, State of Oklahoma.

Gentlemen:—We herewith submit a bid for the burial of the poor of Pontotoc County, Oklahoma, for the next two years from the expiration of our contract for the following, to-wit:

From infants up to 3 years of age, \$12.50.

From 3 years to 10 years of age, \$14.00.

From 10 years to 15 years of age, \$18.00.

From 15 years of age up, \$20.00.

The above goods to be delivered at our store at 115 East Main Street.

Respectfully Submitted,

J. W. SHELTON & CO.

By T. O. Dandridge.

The foregoing proposition was duly considered by the Board and it was moved by Commissioner Brents that the same be accepted. Said motion was seconded by Commissioner Brumley, and all voted "aye."

A contract was made with Meyer and Meyer of Norman Oklahoma for the burial of the inmates of the Central Oklahoma State Hospital at Norman, Oklahoma, for \$25.00 for each and every pauper inmate who may die in that institution.

Proposition

To the Honorable County Commis-

sioners of Pontotoc County, Oklahoma.

Gentlemen:—The Ada News proposes to print the publications for Pontotoc County on the following basis:

For the Commissioners proceedings we will charge 50 cents per square.

For all other publications we will charge the legal rate.

In re: Contract.

Order of Renewal and Extension

The First National Bank of Ada, with County Commissioners.

This matter coming on for hearing before the Board of County Commissioners in and for the County of Pontotoc, State of Oklahoma, on this 6th day of January, 1919 and it appearing to said Board that the contract entered into with the First National Bank of Ada, on January 4, 1910 and by several renewals extended to January 1, 1919, under and by the terms of which it was agreed to deposit in said bank all County Funds and moneys of said County of Pontotoc coming into the hands of or under the control of, the County Commissioners during life of said contract and by said renewals until Jan. 1, 1919, in consideration of payment by said bank of 2 1-2 per cent interest on the daily balance of the checking account, and 4 per cent interest on the daily balance of the sinking fund account, and to give bond to cover same as required by law; and the further agreement by said bank to cash at par, or their face value without interest, upon presentation, all legally issued warrants by said County of Pontotoc, during the life of said contract, is for the best interest of said County and it is therefore desirable to renew the same; and it further appearing that said bank has proposed to renew said contract and extend the same until January 1, 1921.

The term, "all legally issued warrants of said County of Pontotoc" is understood to include such Township and School District warrants as may be legally drawn on and registered by the County Treasurer of Pontotoc County.

It is therefore ordered that said contract be, and the same is hereby in all things renewed for two years and is extended to January 1, 1921, and this order after written acceptance by said bank, through its Cashier or President, as a renewal and extension for said time of said contract and mth said acceptance entered on the minutes, will be attached to, and form of said original contract, and in all things extended renewal of same, and an extension thereof, to January 1, 1921, I. R. Gilmore as Chairman of the Board of County Commissioners, is hereby authorized to sign this renewal and extension for and on behalf of said Board.

Board of County Commissioners, By I. R. Gilmore, Chairman.

Nature's Music

Sighing through the trees, whispering among the nodding flowers, swaying the golden fields of wheat, the gentle wood-wind zephyr trips across the world of summer. Caressingly it wafts the multitudinous seeds to new and fertile soils; it is at once the shepherd and the master of all the countryside.

Your own senses may feel the breath of the wood wind, whether you live in country or in city, amid Northern snows or under tropic palms, if you have in your home

The NEW EDISON

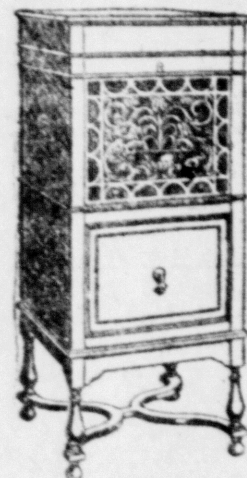

"The Phonograph with a Soul"

Music has its counterpart to the wind of the woods, the wood-wind choir of the great modern orchestra, the flute, the clarinet, the oboe and their companions.

The dainty, charming tones of these reed instruments, the delicacy of music they make, has no counterpart save the wild wood wind of nature itself.

With the New Edison you may hear these RE-CREATIONS of the wood-wind choir, in your own home, whenever you desire. And to you they will bring dreams of a bounteous nature, in her fairest, most tranquil mood of summer.

PROCEEDINGS OF OKLA. LEGISLATURE

OKLAHOMA CITY, Jan. 28.—The Senate this afternoon gave extensive consideration to the bill by Senator Cordell which would cure defects in the "bone-dry" law found in a recent decision of the Supreme Court. After a number of amendments had been offered and discussed, with one or two adopted, the Senate went to the other business and adjourned with the Cordell bill still business under consideration.

The bill will make possession of intoxicating liquor prima facie evidence of unlawful possession. It was sought by Senator Davidson to strike out this section but failed. Senator Leach was successful with an amendment that in effect would allow anyone to accept wines for sacramental purposes. The bill originally gave the right exclusively to any regularly ordained priest or clergyman to procure wine for such purposes. The measure provoked discussion from a majority of the membership of the body, mostly as to the point of exempting sacramental wine and who should receive it.

The House spent a portion of the afternoon reconsidering the action of the body several days ago relative to the contract for printing. The printing committee had recommended awarding the work to the Harlow Company, although another concern had made a lower bid. The difference was that in the opinion of the committee the plant recommended was better equipped to do the work. But the House overruled the report at the time and recommended it to house giving the lower bid. This action was reconsidered today and after lengthy discussions the House by a vote of 48 to 45 let it to the Harlow Company. Members divided on both sides of the matter, eager to place the other on record and insisted on roll call on all points.

The bill by Senator Knie and others of the Senate increasing the salary of the secretary of the School Land Office was passed finally in the Senate, but failed for the second time on the emergency. Similar action had occurred on the bill when advanced to third reading by the Senate. Without the emergency the law could not become effective until ninety days after the legislature adjourns.

The House passed finally a number of bills, among them being that by Henry regulating the care and management of hospitals for the insane; by Dodson, providing that where a city has a charter of specified tenure that at the expiration of which the people may hold an election to determine if they desire the charter continued or not; by Harris and others, fixing time taxes may become delinquent; by Glasser, amending certain subdivisions of existing statutes; by Storms for textbooks for teaching agriculture and kindred subjects.

The House also passed finally the bill by Disney and Neff of the house and Kerr of the Senate, known as the Muskogee city court bill. It amends the previous statute on the subject of city courts, the only one now being that at Muskogee. It eliminates one of the judges of the court and cures other defects of the old statute. The bill by Nesbitt, Tiger and Ruth fixing compensation for stenographers in District Courts went over temporarily. The statement was made that many reporters made more money than judges and one of the authors desired time to investigate.

The bill by Cheatham and Morgan of the House, establishing two terms a year of the Superior Court at Bristow, was killed by an unfavorable committee report in the Senate.

Resolution by Senator Mayfield, adopted by the Senate, provides a committee of five to make an investigation of the Home for Incurable Girls, located near this city. The place has had considerable publicity in reports during the last several days.

SOME GOOD ADVICE

Strengthened by Ada Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Ada people rely on them. Here's one of the many statements from Ada people.

Mrs. S. C. Baxter, 300 W. Eighth St., says: "For many years my kidneys had bothered me more or less, but last January, I had a severe attack. For two or three days I was down in bed. My back was so painful and sore I couldn't rest in any position and it was misery for me to turn over in bed. My kidneys acted irregularly and I ached from my head to my feet. I sent to Gwin & Mays Co.'s drug store for Doan's Kidney Pills. The day after I started using Doan's, my kidneys began to act freely and the second day, I got up out of bed. I rapidly became better and finally Doan's Kidney Pills had entirely rid me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Baxter had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Sergt. C. T. Davidson has written his mother that he is waiting his time to come home. He thinks he will spend a few weeks in Germany and will be back to camp by the time this letter reached here.

AN ATTACK OF INFLUENZA OFTEN LEAVES KIDNEYS IN WEAKENED CONDITION

Doctors in all parts of the country have been kept busy with the epidemic of influenza which has visited so many homes.

The symptoms of this disease are very distressing and leave the system in a run down condition. Almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular medium and large size bottles, for sale at all druggists. Be sure to mention this paper.

OPPOSES ADVANCE IN ELECTRICITY RATES

Ada, Okla., Jan. 28, 1919
Mr. F. E. Bowman
Manager Ada Elec. and Gas Co.,
Sirs:

I note from your advertisement in the Evening News that your company is asking the corporation commission to authorize an increase in the price for service and that the reason given for the request is the advance in of all material entering into the manufacture of your product.

I am frank to say that after carefully reading your argument, I am not convinced of the justice of your request. Owing to my lack of technical knowledge of your art, the tables given in connection with your argument, "step-rate" and "block-rate" do not mean anything to me, but I do understand the proposition when stated in concrete figures.

From these figures, I understand that the net return on your investment under the present rates, for the year 1918, was 9 per cent and that the increase rates requested would add to this income \$3100.00 per annum, what per cent your net receipts would then be is not given. In other words, you are asking the commission to authorize your company to place an added burden of \$3100.00 per annum on this community for lights. One item of the family expense account. The people of this city have cheerfully made great sacrifices to win the war and now that the war is over they are entitled to peace.

I submit that this is a most inopportune time to ask that the living expenses of the citizens who patronize your company be increased and I sincerely hope that the honorable Commissioner may take the same view of your application.

Very Sincerely
C. A. GALBRAITH

OVERWORKED MAN

Couldn't Get Man to Fill His Place, Had to Keep On. How He Did It.

Saratoga, Cal.—"I am an engineer and overworked so I could not sleep, was tired all the time. I could not get a man to fill my place so had to keep on working. My druggist asked me to try Vinol and it built me up and strengthened me so I feel fine and sleep all right."—Isaac W. Bradford.

There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the greatest body building and strength creating tonics.

We strongly recommend Vinol—Gwin & Mays Drug Co., and druggists everywhere.

P. S.—For itching, burning skin try Saxol Salve. Money back if it fails.

CENTER.

The Community Builders Association met last Friday night at the home of Mrs. J. J. Copeland. A goodly crowd was present. The main discussion of the evening was the building of a new church here.

Miss Lillie Gresham of Ada visited Miss Esther Sutherland Sunday.

Last Saturday night the Center high school boys played the E. C. S. N. boys a match game of basket ball, but were defeated, the score being 18 to 24 in favor of normal.

Miss Nettie Brandon and Miss Myrtle Sutherland spent Saturday night and Sunday in Roff.

Miss Lois Sloan entertained a crowd of young folks at her home Friday night.

The Center gin was entirely destroyed by fire last Wednesday night. It is not known how it caught.

SUMMERS CHAPEL.

Everyone is very busy breaking land, moving and getting ready for the year's work.

Uncle Wiley Davidson had the misfortune to get hurt last week while breaking land, and has been confined to his room for several days.

The school children gave a pie supper last Tuesday night, which brought \$14.95. They say they are going to buy a basket ball, base ball, and several other things for the school.

Bro. Stone filled his regular appointment here Sunday.

Mr. and Mrs. Tom Carmack were visiting Mr. and Mrs. Homer Davidson Sunday.

Mrs. Robison has been quite ill the past week.

Miss Rodea Barnett of Maxwell was a Summers Chapel visitor Sunday.

Mrs. G. W. Flowers who has been visiting her mother at Sulphur, returned home Sunday.

Fred Staats was visiting Vester Hooper Sunday.

Born to Mr. and Mrs. Havens the 23rd, a fine girl.

Old University.

Cracow has the oldest university, barring that of Prague, in central Europe. It once numbered among its students Copernicus, who originated and proved the remarkable theory that the earth revolved about the sun, and not contrariwise.

By Way of Explanation.

No, Carrie, the expression "pipin' times of peace" has nothing to do with smoking the peace pipe.

COMMITTEE FOR FORD INVESTIGATION

By the Associated Press

WASHINGTON, Jan. 29.—Favorable report on the resolution for the Michigan Ford-Newberry senatorial campaign investigation was ordered today by the senate contingent expense committee on a strict party vote.

AS IT WAS.

What has become of the old time parties where you would stay until the cats came around whether you were having a good time or not?

When a male chicken is in the poultry show he is called a cockerel, but when he returns to the barnyard he is just a mere rooster.

A girl will swear that she won't marry anything but a millionaire, but you just watch her grab that soda squirt in the corner drug store.

The speed law is like the "five dollar sign for spitting on the sidewalk." How many men do you see hang their head over the curb to expectorate.

Whenever some people see a telegraph boy coming to their door, they are almost positive that some one is dead or they have inherited a million dollars.

If you go fishing don't try to use a hook worm for bait. If you do, you had better pour a little fish oil on him.

Did you ever hear the expression "there goes a walking drug store?" Which is it, a painted lady or a pill peddler?

When a man li alive the bad comes out and when he is dead the good escapes. Funny world, isn't it?

Whooa Lizzie.

This afternoon about one o'clock a hungry lizzie decided that it was about time to have lunch so she got loose from her driver and entered a small restaurant on 12th street. But the door was not large enough so she was obliged to stay just on the outside. Some little damage was done to the front of the building but lizzie came out of it without a scratch.

Married Men Read This.

A translator of the Bible into the New Guinea tongue wanted a proper idiom for the phrase, "Far be it from me to do this thing." He consulted a learned native, who replied, "I understand. We have the precise idiom; we say: 'May I speak to my mother-in-law before I will do this thing.' That sounded rather like a joke to the translator, but it wasn't, for in that land of strange taboos, one of the unpardonable sins is for a man to open his lips to his wife's mother.—Boston Transcript.

One Cattlefish Handicapped.

There is one unfortunate specimen of cattlefish, Nautilus, which cannot produce the smokecloud, but all the other species are able to do so by the simple process of discharging the contents of their inkbags. The result is a dense, impenetrable cloud of sepia under cover of which they have little difficulty in effecting their escape.

ROAD CAMPAIGN TO START HERE

BANQUET OF CHAMBER OF COMMERCE THURSDAY NIGHT. ONLY LIMITED NUMBER.

O. N. Walker and W. H. Brumley returned last night from Oklahoma City where they attended a meeting of the State Good Roads Association. Mr. Walker reports that there is a strong sympathy over the state in favor of Governor Robertson's idea for building roads.

The campaign for this big bond issue will be started in Ada tomorrow when Hon. Paul Nesbitt, of the Oklahoma legislature will be here to address the members of the Chamber of Commerce at a banquet at the Harris Hotel. It is expected that a big crowd will be present to hear this honored guest.

Those who wish to be present at the banquet should see Mr. Walker, M. C. Wilson, W. E. Harvey or T. B. Blake, Jr. These men are in charge of the banquet, which will be open to only a limited number.

Delegates from the following towns are expected: Roff, Fitzhugh, Francis, Allen, Stonewall and other places.

DAREDEVIL FEATS OF AVIATOR FROM TEXAS.

Sunday's issue of the St. Louis Post-Dispatch gives a photo of a daredevil feat by Lieut. O. Locklear of the aviation service, who is from Fort Worth, Texas. In one he is seen hanging by his legs to the axle of a machine 500 feet in the air waiting for another machine to fly under him.

The next one shows him landed safely on a wing of the second machine. The photos were taken from a third machine.

The daring aviator has always been interested in aircraft and built one of the first ever constructed in Texas. He is a nephew of Mrs. James Fauntleroy of Ada.

COLLISION BETWEEN AUTO AND MOTORCYCLE.

A collision between an automobile and a motorcycle resulted in injuring G. B. Smeathers. He was on a motorcycle coming toward town on East Main, and Mrs. J. L. Barringer was going towards the normal. Both parties were near the middle of the street. Mrs. Barringer stopped her car when she saw what was going to happen but the boy was unable to stop his motorcycle in time to avoid the collision. Smeathers received injuries on the shoulders and ankle, but they were not serious. Medical attention was given him immediately after the accident. Very little damage was done to either car or motorcycle.

Higher Electric Rates—WHY?

We are asking for an increase in rates and have set forth in preceding ads some of the reasons for doing so. The question is sometimes asked: "How does the proposed rate compare with the rate in other towns?" Comparisons of rates are not fair unless the size and location of each town and many local conditions are taken into consideration. The following are a number of rates that have been made within the past year:

COALGATE-LEHIGH-PHILLIPS	1 to 9 KW	18c Gross or 17c Net
	9 to 20 KW	17c Gross or 16c Net
	20 to 40 KW	16c Gross or 15c Net
	40 to 60 KW	15c Gross or 14c Net
DURANT—Residence	First 20 KW	15c Gross or 12.5c Net
	All over 20 KW	13 1-3c Gross or 12.15c Net
DURANT—Commercial	First 50 KW	12c Gross or 10.8c Net
	Next 50 KW	10c Gross or 9c Net
	All over 100 KW	9c Gross or 8.1c Net
VINITA	First 20 KW	17c Gross or 15.3c Net
	Next 30 KW	16c Gross or 14.4c Net
TABLEQUAH—Residence	First 20 KW	17c Gross, Net not stated
	All over 20 KW	12c Gross, Net not stated
TABLEQUAH—Business	First 50 KW	17c Gross, Net not stated
	Next 50 KW	12c Gross, Net not stated
	All over 100 KW	6c Gross, Net not stated
CUSHING	1 to 30 KW	14c Gross or 13.3c Net
	31 to 61 KW	12c Gross or 11.4c Net
EL RENO	First 50 KW	14c Gross or 12.6c Net
OKLAHOMA CITY	First 50 KW	13c Gross or 11.7c Net
ADA (PROPOSED RATE)	First 50 KW	14c Gross or 12.6c Net

The above net rates apply on bills paid on or before the 10th of the following month.

In most of the above cases we have given the rates on the first 50 KW only, as the larger quantities would be in proportion and would apply to fewer bills. Over 85 per cent of the electric light bills in Ada are for less than 50 KW. The old rate on these is 12c. The proposed net rate would be 12.6c; an advance of only 6 mills or 5 per cent.

The Corporation Commission will hear this case next Friday, January 31st, at Oklahoma City.
